

CITIZENS ALERT!!!

Chris Sutton needs your help to make the citizens of Cecil County **Safe** from Gangs that have been allowed to enter Cecil County.

2008- Two gang related homicides
2009- One gang related homicide and numerous other violent crimes that are gang related

Gang activity has steadily increased in Cecil County over the past several years. However, no enforcement action or suppression plan has been developed by the current administration of the Cecil County Sheriff's Office. The citizens of Cecil County are now being subjected to numerous violent crimes being committed by gang members.

Chris Sutton knows that ignoring and denying a problem does not provide for the **safety** of our citizens.

Chris Sutton has a defined plan to not run the gangs out but bring them to justice. More to come in Chris Sutton's platform.

See my wesite for more information on gangs.
